The Reunion committee welcomes all descendants of Solomon and Elizabeth Hibbert and friends. Because a large percent of our family has migrated from Jamaica, we felt that it was appropriate to hold the first reunion at "Home". The theme of this reunion is family history, hence the logo "Know Your Roots". While you are here please take this opportunity to make corrections and additions to the family tree lineage. You will have an opportunity to do so on Thursday in the Windsor Ballroom between 6-7 PM. If you can't make it to that session, simply ask for a family questionnaire and send it in at your own convenience. At the Meet and

Greet on Wednesday everyone will be issued a team color (White, Red, Green or Yellow). Please remember your color because while you participate in events you will be scoring points for your team. Good Luck! Also at the Meet and Greet you will receive a reunion survey. Please complete the survey by Sunday and leave it with a committee member. The reunion committee thanks you for your attendance at this inaugural event. Please take this time to introduce yourself to members of the family that you may not know. Hopefully we can take away from this event the power of unity and a sense of family pride.

WHAT DOES FAMILY MEAN TO ME?

Family means comfort
 Like when we are all together on the couch watching movies

Disagreements
 Like when me and my little brother argue

Good memories
 Like when we went to Sea World and Disney World

Secrets
 Like things that happen in certain places that you can only tell your family

Caring for each other
 Like when someone is hurt

Silly times
 Like when my little sister and brother, mimics and dances to every song and sometimes even sing songs in a funny way

Fun times
 Like when we tickle each other and play together

Happy times
 Like when we experience the joys of Christmas and New Years

Sad times
 One time we all had a time of sadness because a member of our family died, but after awhile everyone felt a little better knowing that she was in good hands, but every so often some of us cry at night

Family is made up of lots of different feelings and memories over time.
 This is what family means to me.

In every conceivable manner, the family is link to our past, bridge to our future. ~Alex Hailey
