Accommodations

Previous reunions took place in Jamaica at an all inclusive resort. Because of this, it was necessary to have the bulk of the family stay at the same resort. Since this reunion will be held in the States at a non all-inclusive hotel where a large percent of our family resides, family members will have more discretion as to where they choose to stay. With that said **family members may choose to stay at The Newport Beachside Hotel & Resort which is where most of the activities will take place, another nearby Hotel, in your own homes or you may choose to stay with a family member.**
